# Foreword

*Our years at Melrose High School have been memorable years, filled with fun, with accomplishment, and with growth. As we traveled the familiar walks and halls, we have gathered many unforgettable memories; these memories the LOG Staff has attempted to record by tracing our footsteps during the time we have spent at M.H.S., thus tracing also our hopes, our achievements, and our goals. The tread of our steps was not always the same, nor did they lead in the same direction; yet we all found our own place and left an impression in our own way. Looking back over these years, we are amazed at how quickly the days have passed. While still fondly remembering our wonderful days at Melrose High, we are taking a bigger and harder step than we have yet taken. Let us hope the future brings as many happy memories as the past leaves with us.*

MR. A. IMRIE DIXON  
Principal

Commencement is a new beginning, a time when you receive public recognition for what you have accomplished. It is an occasion which will offer you a chance to take a good look at where you are and whither you are going.

You entered Melrose High School with high hopes and great ideals. How quickly you were caught up in the fast moving current of change! New forces were at work — changing curricula, changing programs, with new emphasis upon education and the preparation for your future. Your school was changing, growing in size, growing in opportunities. Now at Commencement you find yourself thinking about it all and hoping the directions you have taken will lead to the success you desire.

You are a part of your school. No matter where you may go — on to college, to special schools, to new experiences, you will have left something of yourself behind to be a part of this, your school. You go on from here with the prayers and hopes of your teachers and your friends who have all shared in guiding you along the way. It is our hope that the pathway ahead will be a little clearer and a bit more accessible because of what we have tried to do.

Starting up the steps of Melrose High School in September, 1958, the class of 1962 felt the educational consequences of the Russian Sputnik the year before. Honors groups, advanced classes, and regular courses with new and deeper textbooks greeted us. For two years we elbowed our way through the crowded corridors trying to beat the four minute bell; for two years we endured the noise and inconvenience of construction machinery. But, in our junior year, the sixteen-room addition was ready for us. An art room, drafting rooms, classrooms with built-in movie screens, sound-proofing, movable desks all had a bright exciting atmosphere. This expansion, together with bringing the glamour of the fresh new rooms, relieved us of the improvised study hall in the auditorium and the divided gym classes. Each year we had noticed more and more schoolmates; in fact, the enrollment had increased by 275 students since 1958!

The General Curriculum presents a basic grounding in English and social studies with a wide range of electives including art, business subjects, electricity, auto mechanics, shop clothing, foods and nursing, as well as the languages and sciences offered in the College Preparatory Curriculum. This General Curriculum furnishes "a balanced and practical educational training for high school students."

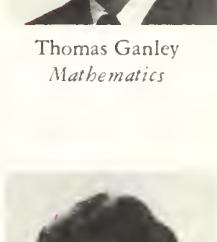

The Business Curriculum offers a thorough training in the skills needed in both the accounting and the secretarial positions of industry. Surrounding a nucleus of English and social studies are commercial mathematics courses including bookkeeping and a rigorous sequence of typewriting and stenography. This introduction to the mercantile world leads to either secretarial placement or continued study in a business college.

Within the five language electives, sequences can be accelerated in Latin and French but not in the others. Also Melrose High provides four laboratory sciences: biology, chemistry, physics and physics II. In the final analysis, a student's college curriculum program can be determined by the requirements of college catalogs; all questions seem to be answered there!

The guidance department with five counselors comes to the aid of the student in his original choice of a curriculum as well as in his later choice of particular courses. For junior and senior college-preparatory students the guidance office becomes headquarters for information about the important college board tests, while it also keeps a large selection of college catalogs available and maintains folders on the opportunities in various vocations.

In response, new areas of learning have been opened up through tape recordings, movies, television, and assemblies plus the already strong extra-curricular program of activities.

The strength of the curricula here at Melrose High lies in the variety and depth of the courses offered. If a student's interests lie in science there are eight science subjects and eleven mathematics courses in two sequences that he can elect. Equally strong are the language departments, Modern and Latin together, offering twenty-two courses in five languages — eight Latin; seven French, three Spanish, two German, and two Russian. The reading skills mastered each year build up until a freshman taking his first glimpse of a subject can, four years later, be reading the great masterpieces of the tongue. Similarly, the variety of speech and reading classes is complemented by the depth of the compulsory composition and literature English courses.

## Student

The Student Council, composed of class officers and representatives, together with the Student Congress, form the student governing body of Melrose High School. Under the guidance of Mr. McGrath and the able leadership of President Bob Christiansen, the Council has been active in many phases of school life this year. The Council not only gives the students the opportunity to participate in governing the school, but also encourages growth in leadership, responsibility, and cooperation.

Work on the LOG began last Spring when the newly-elected editors met with Mr. Hanlon in Room 22 in brainstorming sessions to determine a theme for our yearbook. Having decided upon the idea of tracing our memories through our footsteps, and having formed tentative plans, the various staffs then began to create the final impression of our four years at Melrose High School. To the Literary and Art Staffs were assigned the important tasks of writing the innumerable profiles, copy and designing an appropriate and original cover, while to the Business and Advertising Staffs were given the equally

considerable jobs of soliciting subscriptions and advertisements needed to finance our publication.

To further obtain funds, the entire Staff sponsored a colorful and successful Fall dance, which opened the Fall social season at M.H.S. Despite fewer available periods for staff work, the countless revisions were made, the deadlines were met, and gradually our yearbook took form. Although each staff worked individually, the combined results of their efforts are presented here in the final cast of our footsteps — the 1962 LOG.

The IMPRINT, with its enlarged staff and revised format, furnished the students each month with entertaining and informative reading on school activities. Our school newspaper not only brought items of interest to the attention of the student body with full and accurate coverage, but also offered the opportunity for advancement in writing and for experience in journalism. In addition, all interested students gained practice in the mechanics of editing and financing a publication.

In order to provide the school with a better newspaper, the IMPRINT under the direction of Mr. Chisholm and the Editorial Staff undertook many innovations besides its annual book fair and friendly rivalry with the LOG Staff. The Globe Press Conference attended by editors and reporters, the Spotlight On Sports column, and the sale of vocabulary flash cards were only a few of the new activities which rounded out a profitable and gratifying year for the IMPRINT.

## Honor Society

Tap! tap! "The meeting will now come to order." That's twice-elected President Bill George beginning another meeting of the M.H.S. Honor Society. The words Wisdom, Intelligence, and Scholarship which decorate the banner are the basis of this Society whose purpose is to encourage scholarship and good citizenship. Those attaining membership are awarded a gold M and the privilege of

using the library at all times. Three terms of membership constitute the wearing of a red tassel at graduation. Semi-annually the Society holds impressive induction ceremonies and elects its officers. In the spring, under the direction of Miss Kershaw and Miss Ring, the group culminated the year with an excursion to Old Sturbridge Village.

## Junior Classical League

Melrose High's chapter of the National Junior Classical League, composed of third and fourth year Latin students, has a triple honor this year: Richard Murphy is State President; Miss Kershaw is State Advisor; and M.H.S. is host to the annual state convention in May. The group started off early with the election of officers and the initiation of Juniors which took place on the "Olympian" Knoll during

October with ancient Greek Olympic Games and actual chariot races. Classical Leaguers worked throughout the winter and spring making costumes, decorations, and arrangements for the big convention which was attended by three hundred students in Roman garb from twenty high schools. The full-day program included a Latin declamation contest and was highlighted by the election of new officers.

The Science Club offered Melrose High School students an opportunity to cultivate interests in the sciences by individual projects, films, and lectures, under the supervision of Mr. Bjornson. With a limited membership in the club this year, Mr. Bjornson was able to assist students individually with their questions and problems and to give the members the advantage of participation in group discussion and debate. The wide range of activities determined by the interests of each member enabled the Science Club to round out another successful year.

The Audio Visual Club, under the supervision of Mr. Iver Laine, contributed invaluable services to the faculty and to the students of Melrose High School. Its members ably assisted in school functions, such as assemblies and dances, in addition to supervising the use of the films and tape recordings of our Audio-Visual Aids Library. The boys themselves received excellent training on the various machines, while at the same time helping the teachers to direct our footsteps into the future with the most modern teaching aids and devices available.

Always busy and helpful before school are the members of the Library Club, directed by Mrs. Rose. The members assist Mrs. Rose in arranging displays, charging out books, and straightening the shelves. These activities also fulfill the club's second objective which is to teach the members the uses and sources of a library. Experience with reference works and library filing systems will benefit the members throughout their lives. The Library Club ended the year with a visit to a nearby museum.

Under the sponsorship of Mr. Richard Hildreth, Miss Laura Blizzard, and Miss Eleanor Evans, the F.T.A. continued to instill an interest in teaching at the high school level. Headed by a group of excellent officers, this club viewed movies of good and bad teaching techniques, observed teachers, discussed teaching methods, and investigated requirements for colleges. Rounding out its activities for the year, the club presented its annual scholarship to a worthy member who will play a major role in the greater development of America — instructing the new generation.

Mu

The most active organizations within the walls of Melrose High School were Mr. Wood's Glee Club, Chorale, and Freshman Girls' Chorus. All are formed to allow those students who enjoy music to sing with others of similar interests. The Glee Club and its more exclusive cousin, the Ensemble, entertained at school assemblies including Thanksgiving, Christmas, Graduation, and Baccalaureate programs, and also were eagerly sought after by many civic groups. Annual and special presentations of the Glee Club were the Christmas Vespers and the Operetta, for which the members worked diligently during their twice-weekly meetings.

### SIC

Another musical organization, the Chorale, with its larger number of voices bolsters the Glee Club at Vespers, the Operetta, and Graduation. Still another musical group is the Freshman Girls' Chorus. Organized for those female members of the Freshman class who enjoy music and singing, the Chorus makes no formal appearances, but offers freshmen valuable training in preparation for participation in the Chorale or Glee Club during their upperclass years.

Forming the traditional big "M" to the strains of the school song always climaxed a stirring half-time show as the Melrose High School Band continually outshone all other Middlesex League bands with its excellent performances this year. The creative imaginations and cooperation of its members, together with the capable supervision of its director Woodrow Phelan were evident in the band's well-executed and widely diversified productions which provided entertainment for everyone at the football games.

Halftime Harmony

Due to their outstanding musical talent, Cheryl and Donna Harlow were selected to play in the District Festival Orchestra, and Stanley VonEgmond and Jonathon Colby were chosen to represent M.H.S. in the District Festival Band.

At its Annual Spring Concert our band again exhibited its superiority, this time on a more serious side with semi-classical selections which demonstrated the many proficiencies of the musicians. In addition, several members received the distinction of being selected to participate in the District and All-State Concerts. Marching in civic parades, taking its annual trip, and playing at graduation exercises completed another highly successful year for our accomplished and versatile concert-marching band.

## Debate-Speech Club

"Learning to say what they mean and mean what they say" is the objective of the Debate-Speech Club. Led by President Mary Lord, the members have participated in tournaments at various colleges and in debates against other schools in the Greater-Boston Area. Faculty advisor Freeman T. Frank emphasizes training in organization and clarity, reasoning and logic, use of proof and evidence, and great oratorical skill. In its second year, the Debate-Speech Club is a firmly established and welcome addition to Melrose High School.

## Foreign Affairs Club

To keep the students informed and aware of the world situations is the key to the Foreign Affairs Club. Under the direction of Mr. DeTeso and Mr. Coles, the causes and results of such vital issues as the Berlin crisis and the U. N. were investigated on a higher level than in the classroom. A clearer picture of current problems was also presented through challenging speakers, panel discussions, and films. In these ways the members are taking a meaningful step towards international understanding.

First row: J. Washburn, J. Baker.  
Second row: M. Stoddard, Mr. Neiman, adviser; D. Downes.

Mr. Neiman with the assistance of four capable girls worked diligently throughout the year to provide the students of Melrose High School with a Student Activities Ticket. This ticket offered reduced rates on dances, football and basketball games, and various other student-sponsored programs. The S.A.T. office also handled efficiently the monetary affairs of many of the school's clubs and organizations; a great benefit to the students and school alike.

The Leaders' Club and the Girls' Athletic Association sponsored by the Women's Athletic Staff are concerned with promoting interest in physical education both in and out of class. The leaders, all seniors, perfect their leadership ability and exhibit their athletic skill by assisting and demonstrating in the gym classes. The G.A.A. introduced an individual achievement program whereby all girls have an opportunity to receive an award according to their level of participation in the various intramural sports.

## THUMBS

"Thumbs up" was the pre-season prediction for the M.H.S. Football team with its power-laden backfield of quarterback Dennis Cargill, halfbacks Jim Umile and Billy Hardy, and versatile Captain Dave Reardon as fullback, but injuries held our hustling Raiders to a commendable record of five wins and four losses.

On opening day, Coach Hoague's eleven prevailed over Stoneham, but went on to fall before Lexington and Concord. After upsetting Belmont, the Red Raiders charged on through the Winchester opposition setting Mike Bellino and his Sachems back by a 24-22 count in a real seat-squirm. Melrose then exacted vengeance from Reading — the only team to beat our boys the previous year, and suffered a setback by Newton South.

Now you see, Bill . . .

The Gloucester Fishermen were sunk by our gridsters as the crucial Thanksgiving game grew near.

On November 23, Melrose met arch-rival Wakefield in a hard-fought contest that was evenly matched except in the scoring column where the Warriors notched 22 to our 12. Wakefield took the Holleran trophy and the league title while Melrose tied for second place with Winchester. Several team members received All-Scholastic honorable mention for their fine play.

Next year's squad headed by Captain-elect Dennis Cargill, Dana Lockhart, and Art Stratton will be looking to making the season "thumbs up" all the way.

Once again "Doc" Clark's Cross Country team had a successful season spoiled only by its nemesis, Beverly. Besides the outstanding performances of returning lettermen Captain Dick Comeau and Ralph Wilbur, newcomers Dale Thompson, Dave Smith, and Richard Decker vied for top positions also.

Captain Dick Comeau presents "Doc" with a trophy expressing the team's sentiments — "To the greatest coach at Melrose High and the best friend a person could have."

The Junior Varsity team continued its winning ways, losing only to arch-rival Beverly. Under next year's Varsity Captain, junior Dave Smith, the M.H.S. Harriers should continue their quest for first place over Beverly.

"Every corner's a goal!" and the Girls' Field Hockey Team coached by Mrs. Waite again lived up to their slogan. Eleven girls donned the familiar red varsity tunics, elected Dianne Pullo captain, and drew four wins, one tie, and two losses for the season's record. With determination and high spirit the Varsity Raiderettes upset Winchester for the first time in ten years! The Junior Varsity, led by Captain Jane Murray, came up with a record of three wins, one tie, and three losses. The teams combined forces for the post-season hockey playday at Newton in which they beat Bancroft, tied Walnut Hill, and lost to Foxboro.

## Girls' Basketball

Loaded with spirit and drive, this year's Girls' Basketball Team coached by Miss Chase completed their season with a three wins — five losses record. Co-Captain Dianne Pullo, Diane Botte, and Joanne Schofield teamed up with Co-Captain Viv Jarrett, Sue Verge, and Merrie Stoddard to make every loss a close one and every win a resounding one. Sending the Lexington game into overtime and pressing Belmont to within two points, a determined and enthusiastic varsity also ran up impressive scores against Arlington, Malden, and Winthrop. Viv Jarrett captured the honor of high scorer for the season. Our Junior Varsity, captained by Judy Hughes, rounded out the season with a four wins — four losses record.

A Cheer For Melrose! The enthusiastic M.H.S. Cheerleaders led by Captain Nancy Albertson jumped, clapped, cartwheeled, and even twisted their way through the year to cheer on our teams. The M.H.S. 12 not only led the cheering but instilled school spirit and good sportsmanship in Melrose. To further back the teams these peppy girls, supervised by Miss Wheeler, also organized successful and surprise-filled pre-game rallies which included a visit from an unusual group of Winchester cheerleaders and the presentation of a live Thanksgiving turkey to Dave Reardon. Their cries of victory resounded throughout the year on home ground, away, at sports award assemblies, and at the tournaments. For their loyal support and active promotion of school spirit M.H.S. joins in a big cheer for Nancy and her squad.

A rattle of drums, a blare of bugles, and a burst of applause announce the arrival of the M.H.S. Majorettes led by Barbara Chernis and Barbara Wise, matching the beat of the band with their snappy step. Practicing their intricate routines with the band and their advisor, Mrs. Davis, these girls turned in a wonderful performance on all occasions and were enthusiastically received by everyone. In addition to football games, they were a vital part of every rally, of the annual band concert, of various civic parades, and even made admirable "cheerleaders" at the Girls' Club Amateur Show. Whirling and twirling their "sparkling sticks", the M.H.S. majorettes have earned a reputation as colorful and skillful representatives of Melrose High.

Sparked by All-Star defensemen Charlie Holden and Paul Hurley, forwards Bill Hardy and Paul Flaherty and spectacular "Mr. Goalie", Pete Greenlaw, the Raiders dominated first place in the league and wound up the season with thirteen wins and one tie with Belmont, the only team to present any opposition to the championship Melrose six.

Throughout the entire fifteen game schedule the Raider quintet, captained by Bob Cavicchio, proved a strong contender for a Tech Tourney berth and rightly gained it by winning nine out of their last ten games. ## Winter Track

The rugged M.H.S. Winter Track Team trained faithfully throughout the snowy, cold months and completed their season with a three wins — four losses record. Sparking the team were seniors Captain Bill Porter in the 1000-yard run, Carl Lanzilli in the 50-yard dash, Colin McClure in the 600, and Carl Aveni in the hurdles.

The season's record does not show the individual achievements of many underclassmen to whom Coach Walsh looks for an improved 1962-63 season. Trackmen Ralph Wilbur, Sandy Whittier, Bob Drake, Jack Glazebrook, and Don Bergstrom should be among the consistent point-getters again next year.

"Père" Walsh sees the Harriers through.

The Rifle Club, under the direction of Mr. Bloom, was open to members of all classes, and dedicated to the ideals of good sportsmanship and the safe use of firearms. A function of the club was the sponsorship of the Rifle Team which competed in the Middlesex Interscholastic Rifle League. Carrying on the Raider tradition, they rolled up an impressive record of five wins and three losses against such teams as Newton, Waltham, Watertown, and Malden.

Paced by Norman Tompkins with an average of 175, the local sharpshooters practiced at the Armory for their matches. Next year will see the return of several underclassmen forming the nucleus of another strong Raider squad.

# Ski Club

Ski heil — down they go! A late but record snowfall this winter lent a perfect atmosphere for the activities of the Ski Club. Early in the season, tryouts were held at Mt. Hood with qualifying candidates becoming members. During the regular meetings films on skiing were shown, members explained ski terms, and Dodi von Velsen, our German foreign exchange student, told us about skiing in Europe.

Although our skiers were busy on the slopes, they took time out to watch carefully the results of the F.I.S. championships held at Chamonix, France.

Either way up high on the ropes or below on the mats, there was always plenty of action, suspense, and excitement as the M.H.S. gymnastics team in its first year of competition compiled a record of 1 win and 6 losses. With such outstanding seniors as Captain Bill George, Jim Rooney, and Dick Collins on the ropes, Tony Miller on the high bar, and Dave Connors on the parallel bars,

M.H.S. was always strong contention in this first year of competition against more experienced teams.

At the individual state championships at Andover, Melrose once again proved that it has an up-and-coming team. Supported by Dave Murphy in free exercise, Russell Wallace on the high bar, side horse, and still rings, Bruce Campbell on the side horse, and many other promising underclassmen, gymnastics should continue to grow in importance at Melrose High.

## Masque

"Lights out — action!" and the Masque and Wig Dramatic Club began another productive year on-stage. Under the direction of Mr. Ian Brown, the club presented Thornton Wilder's play, *The Skin of Our Teeth*. The Antrobus family, enacted by Mark Wentworth as the fantastic Mr. Antrobus, Jean Thoresen as his domineering wife, Joanne Cannata as their rebellious daughter,

## and Wig

Ralph Wilbur as their wayward son, and Gail Moran as the pessimistic and moody maid, barely escaped by the skin of their teeth the ominous predictions of the fortune-teller, Dottie La Marca. In addition to regular rehearsals, after-school acting lessons enabled the members to improve their ability as the club prepared to enter the Northeast District Drama Festival again this year.

As Mayonakani commenced, Vice-President Nancy put the finishing touches on President Chris, making sure he looked presentable

Kathy gave Tony a lesson in Japanese

while others preferred to eat fortune cookies or to just sit and talk awhile

Mayon

as the committee stopped to pose before the Japanese garden scene.

After the intermission we saw Mr. Walsh, our adviser, dancing with his wife,

to follow Mary Ellen and Charlie down the line to greet our chaperones,

akani

Our class officers led us in a precisioned Grand March to the music of Freddie Sateriale and his orchestra.

and we could tell at a glance that John and Nancy "could have danced all night".

Intermission found Ray and Janie in the Japanese garden

Too soon Mayonakani ended, and we left with many wonderful memories.

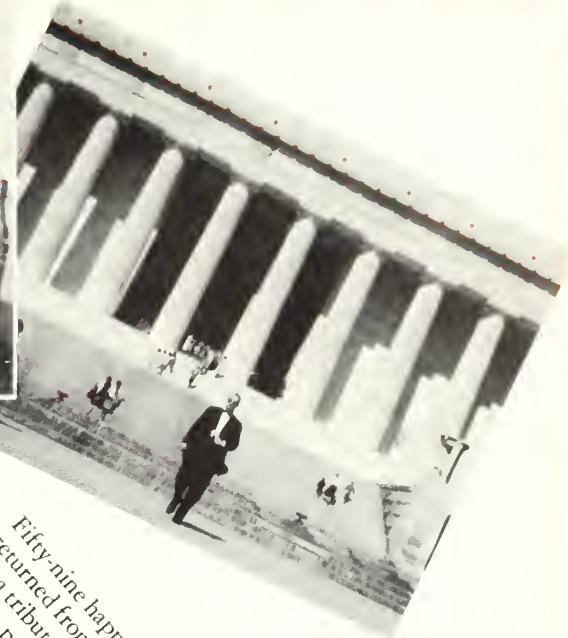

In '61 to Washington we went upon a train,  
Intending to drive our chaperones insane.  
But lo and behold, to our complete surprise,  
We found them all to be a bunch of hot spook guys  
Arriving at Washington!

We ran into our rooms,  
Our heads all full of plans,  
But found our chaperones  
Full of curfews and demands.  
Commands, commands, commands!

Mr. Hanlon was the head,  
Who made us go to bed.  
He made us wear our hats,  
But had mercy about our flats.  
Mercy Mr. Hanlon!

## Washington

Fifty-nine happy and fatigued M.H.S. students  
returned from a week in Washington last April.  
As a tribute to the chaperones, the strains  
of this poem were sung to the tune of a bongo beat.

Mrs. Baker and Mrs. Anderson, the mothers of the trip,  
Made nightly visits to our rooms for Isopropyl dips,  
In the morning they were as punctual as clocks,  
For after all — we were their little flock.

Thank you, chaperones.

Mr. Roberts kept our spirits high  
With jokes and corny puns,  
He rushed us to our destinies,  
Urging fresh air for our lungs.  
Slow down Mr. Roberts!

Richard F. Segalini

Cross Country 1, 2, 3, 4; Honor Society 3, 4; Student Congress 3; Track 4.

**James J. Shay**

Talk about ambition and you'll think of this human-dynamo, JIM. First comes math homework, then basketball and out with D.M., and finally work in Reading. Mr. Musto's H.R. is a pleasant thought while an undecided future will end in either college or the service.

**John L. Shay**

Golf 1, 2, 3, 4; Basketball 1, 3, 4; Masque and Wig 3; Student Council 1; Cross Country 1.

Jokes, tricks, and quips are characteristic of this comedian. Golf and English can't be beat according to quick-witted JACK, who relishes thoughts of second Frosh and the States at Framingham. Prep school follows MHS.

**John J. Shea**

If JOHN's not talking about the last history class or golf match then he might begin his conversation with, "Remember the time in the lunch room during our junior year when . . ." This easy-going athlete with the catchy smile and collegiate ways is bound for college next year.

**Harland Sheerin**

Foreign Affairs 3; Glee Club 4.

A man of many trades is HARLEY. Whether pushing a hockey puck across the ice, reviewing his history, or pondering over the solution to another contest, quick-witted HARLEY is right at home. But at the mention of the Kingston Trio amiable HARLEY will stop everything to join the conversation. College will come next year.

**Donald Skane**

Football 2; Winter Track 2, 3.

Bustling with action is HARDON! Enthusiastic over hockey, riding to Danvers, and history, carefree DON also indulges in "culinary delights." Thoughts of his junior year will keep this humorist smiling all through his college years.

Beverly Jean Smith

Girls' Club 3, 4.

Quiet, versatile, and amiable . . . that's BEV. Skating, running errands for Miss. Sachs, cooking, and going to the movies with Jimmy fill up her time. However, this pleasant gal still manages to think about May 14, 1960, and her plans for accounting school.

When she can find time, no doubt perky DI will think back on the Twirl Dance of '60 and R.A.S. Success after Wilford Academy is certain for this ski enthusiast.

Lewis Stevens

If you don't see LOUIS driving around town with the boys or doing odd jobs, you can wager safely that he's either watching football, skiing, or sleeping, depending on the season. Walter R. Stuart

Rifle Club 1.

Industrious, quiet, and yet friendly WALT oddly enough likes to loaf outside of school. Basketball is his number one sport although it is by no means his only activity. **Patricia Elaine Stubeda**

Girls' Club 3, 4; G.A.A. 2, 3.

**Thomas M. Sutherland**

Baseball 1; Football 1, 2, 3, 4; Winter Track 2, 3, 4; Spring Track 2, 3, 4.

James Umile

Hockey 1, 2, 3, Captain 4; Football 1, 2, 3, 4; Baseball 1; S.A.T. Representative.

Whether in football or hockey athletic U-MILE helps to insure a victory. Speak of the Wakefield game of '60, the trip to Philly, S blocks with J.C., driving for Jackson's, or birdwatching, and you'll notice a gleam in JIM's eyes. With his likable personality, U-MILE should do well at Prep School and college.

Bonnie Louise Vaters

The first term in SKIP's equation for the future is C . . . college.

Susan Verge

Freshman Girls' Chorus; Girls' Club 3, 4; G.A.A. 4; Fencing 3; Leaders' Club 4.

Is that loquacious SUSIE appearing on the scene? Yes, and she's with D.M., no doubt; they are probably talking about the score of the hockey game, water skiing, or Mr. Gavin's Algebra II class. At Chandler, SUSIE will still be smiling, especially when she recalls her '61 Senior Prom.

**Robert J. Vets**

**Cheryl J. Warner**

Girls' Club 3, 4; G.A.A. 4.

While Christmas of 1960 is a very special memory, sweet comely CHERYL is very enthusiastic about MHS football games, painting, and LWCG-BAF - BPALP - CRBD - GB-OWEZOZ. This talented gal has her eye on the College of Mass. Art next year.

**Donald Washburn**

**Linda Webb**

Band 1, 2, 3; Orchestra 2, 3; Foreign Affairs Club 3, 4; G.A.A. 3, 4; Girls' Club 3, 4; Masque and Wig 3, 4.

**Joseph Willwerth**

Which bubbler in the cafeteria has the coldest water? That's the question most often asked of JOE who is the SKIPPER of the cafeteria water testers. Hi - JUDY, walking home today? Let's talk about Saturday's football game, math with Doc or the summer of '60 at Prudence Island. How're your penny collection and your plans for your nursing career at college coming along?

**George Young**

Having contributed a lot of time to the playing of "Black Lady," GEORGE has developed quite an aptitude for this unusual game. Being of the thoughtful reserved type for him the memories of the summer of '61 and the goings-on in Con Civ will never fade. The Navy and the world lie ahead for GEORGE.

**Rosalie Yurashus**

At Mount St. Joseph Academy: G.A.A. 2, 3; French Club 2.

### Ilse M. Holitschke

At Gluimboldt High School, Germany, and Home Economics School, Bremerhaven, Germany: Girls' Track Team; Gymnastic Team.

A lively little blonde, packed full of delightful surprises is this new student from Germany. It is not surprising that ILSE has so many memories that it would take her days to list them all. An insatiable reader, ILSE is sure to do well at either B.U. or Bouve.

*championship calibre carried our senior year close to graduation!*

### Robert G. Lo Sciuto

From one MHS to another — former Medfordite ROBERT joined our class in the senior year. When not on the drag-strip tuning up motors or snagging football passes, handsome ROBERT studies electricity with interest. 1963 will bring electrical school into ROBERT's life. Good luck, classmate!

### Beatrice Nestor

We welcomed BEA to MHS in September of 1960. Outside her work as a cashier, BEA likes to demonstrate her culinary skill and study history. Tennis and dancing intervene in sincere BEA's busy schedule, also. Nursing school comes next for this reliable gal.

This year the Senior Class took on an international air because of our two German students. Ilse Holitschke first came to the United States in 1960, but did not attend school here until this year. Dodi von Velsen came to America in July as an exchange student sponsored through the International Christian Youth Exchange. We enjoyed having them with us and we hope they have benefited from their year at M.H.S.

*"I must say that I enjoyed M.H.S. very much. The students were very helpful in my first week at school, trying to make me feel at home. I really appreciated this, especially since I had been out of school for nearly two years. It was rather difficult for me to become accustomed to school here, for school in Germany had an entirely different system; however, I have never regretted that I started studying again."*

*"My most exciting moment was the first football rally I saw at M.H.S. I never will forget my amazement at the enthusiasm of the students."*

*"This year has been wonderful for me. I enjoyed knowing all of you."*

ILSE HOLITSCHKE

Dear M.H.S.,

*How quickly the year has passed! I have just begun to know you, and it is already time for me to say good-bye.*

*Do you remember . . . how you thought I was so quiet . . . how you just could not understand that I was really trying to think of things to say with my limited vocabulary, but somehow the new words I had learned the day before never fit into the present conversation . . . how as the language barrier slowly broke, you realized that I was a typical lively teenager?*

*As I write this letter, a warmth comes over me as I think that the laugh of a German girl mingles among the thousands of other echoes in the halls of Melrose High.*

*Thank-you — and I love you all.*

# thank you . . .

to everyone who has helped us to record our footsteps during these past four years.

to our Faculty who were so patient and understanding during the confusion of taking pictures and the rush of meeting deadlines.

to Mr. Hult, our yearbook photographer, whose pictures have made more vivid the paths we have taken at M.H.S.

to the faculty advisors and especially to Mr. Hanlon who devoted so much of his time to directing us with helpful suggestions.

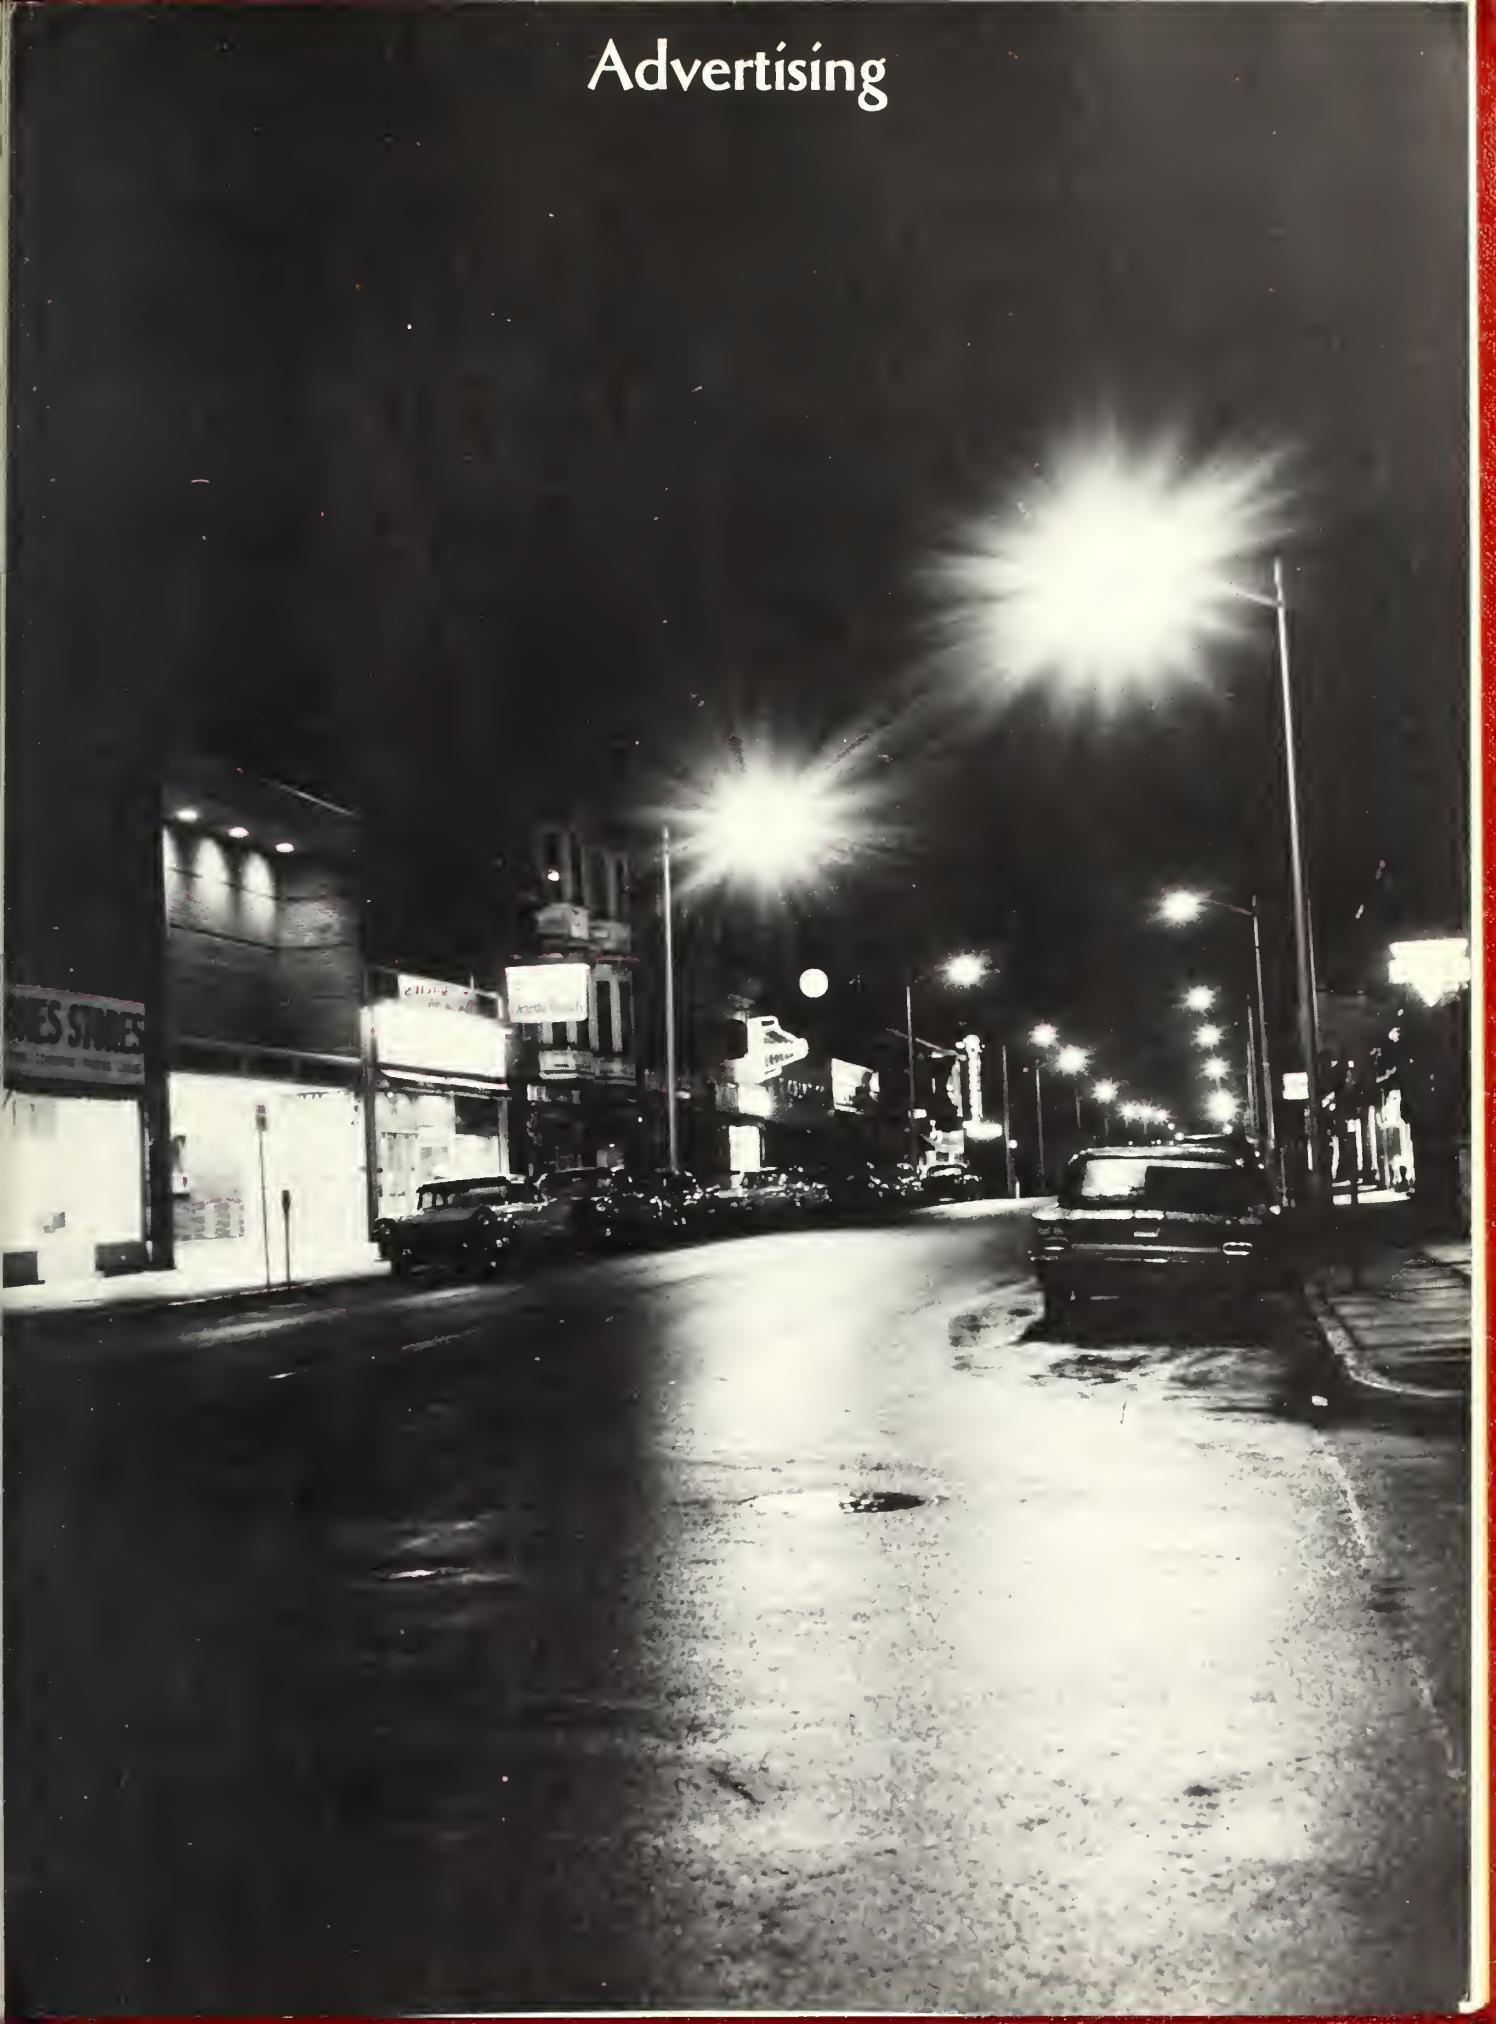

to Mr. Moore of the O'Toole Publishing Company whose constructive criticism improved our book in many technical details.

to all the Staff members who enthusiastically assisted and cooperated throughout the year.

to those underclassmen who helped us out with extra pictures and typing assistance.
